Intercessory Prayer

Let us pray for bereaved families, the sick and elderly, our families, children and students, those looking for work, our pastors and church leaders.

OUR BODIES - Your Eyes

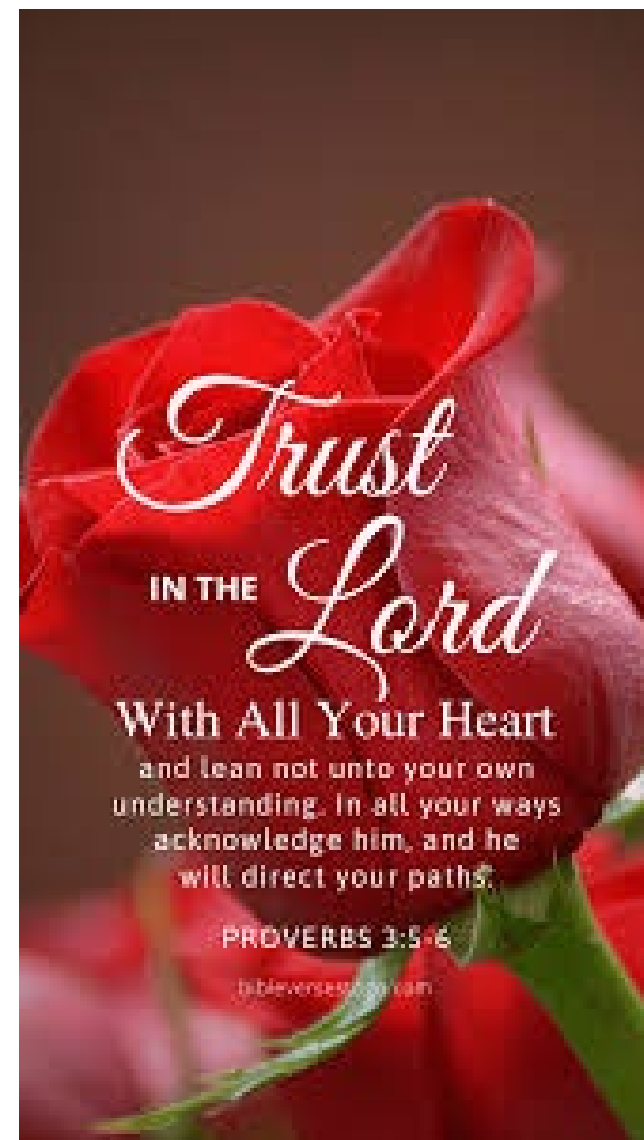

For optimal eye health, eat superfoods, such as carrots, leafy greens, berries, and almonds. These foods provide beta-carotene, antioxidants, vitamin C, and vitamin E that are beneficial for the eyes. Also, follow the 20/20/20 rule to reduce eye strain during the day: Rest your eyes every 20 minutes by looking 20 feet away for 20 seconds.

- **Audio System**, Let us continue to support the upgrade of our sound system through our generous contributions
- **Treasury**: Church members are encouraged to contribute towards the Church's expenses and maintenance
- **Welfare**: Let's keep donating non-perishable items to the Welfare Cupboard. Your contributions play a crucial role in providing meals for those in need.
